

Brand: Ranger

Model: RML-1100

Description: 1100-lb. Capacity Motorcycle / ATV Jack

For the Ground or Ranger Platform Lift

The low-rise RML-1100 Motorcycle / ATV Jack can be used on the ground or together with platform lifts. With a raised height of 16-1/2" and two adaptable saddle adjusters, this specialty jack will increase service capacity and give you the convenience of extra room where you need it most.

The RML-1100 Motorcycle / ATV Jack works in perfect harmony with either the RML-600 or the RML-750HD specialty lifts.

Features

- Perfect for servicing motorcycles and ATVs
- Works on the ground or can be used with platform lifts
- Low-profile design fits under custom frames
- Includes two adjustable saddle adapters
