

**Brand: Ranger**

**Model: RP-10TP**

**Description: 10-Ton Porta-Power Kit and Case**

### All-in-One Heavy-Duty Hydraulic Solution

The RP-10TP Porta-Power Kit is the all-in-one heavy-duty hydraulic solution for pushing, pulling, lifting, bending, spreading and straightening anywhere! Packing 10 tons of body and frame repairing pressure, this kit is an absolute necessity for vehicle maintenance and collision repair facilities. And it would probably be handy to have one at home, too. Comes in a rugged plastic carrying case.
